## STATEMENT REGARDING CONTACT WITH FOODS: “PLAZCRYL, PLAZCRYL SUPER GRADE” PRODUCTS

Plazit 2001 ACS Ltd. hereby states that “Plazcryl” (PMMA) and “Plazcryl Super” (PMMA HI Modified) clear sheet grades are produced from raw materials that comply with the requirements for contact with foods according to the following regulations:

### EUROPE

- Regulation (EU) 10/2011 “Plastic Materials and Articles Intended to Come into Contact with Food” including amendments.
- Regulation (EC) No. 1907-2006 “Registration, Evaluation, Authorisation and Restriction of Chemicals” (REACH)

### North America

- FDA Regulation CFR 21 section 177.1010 “Acrylic and Modified Acrylic Plastics, Semi-rigid and Rigid”

### Plazit 2001 ACS Ltd. additionally states:

- No components or additives are intentionally added to the above-mentioned products in the production process.
- This statement covers semi-elaborated clear plastic sheets produced and supplied by Plazit 2001 ACS Ltd.
- It is the responsibility of the end-part manufacturer to determine that the end-product is suitable for the intended use and complies with all applicable regulatory requirements.
