Subject: Communication according to Article 33 of the REACH Regulation (EC 1907/2006), presence of an SVHC within the Digital product range.

March 27th, 2023

Dear Valued Customer,

As regulations continue to evolve and are updated, particularly by the European Chemicals Agency (ECHA), please see this communication regarding a substance included in some of the products in the Digital product range.

In accordance with Article 33 of the REACH Regulation (Registrations, Evaluation, Authorisation and Restriction of Chemicals) any supplier of an article containing a substance on the SVHC (substances of very high concern) candidate list in a concentration above 0.1% (w/w) shall provide the recipient with sufficient information, available to the supplier, to allow safe use of that article including, as a minimum, the name of that substance.

We hereby inform you on behalf of our affiliated companies supplying you that certain Digital products contain the following substance in a concentration above 0.1 % (w/w) which is included in the SVHC List: Tris(nonylphenyl) phosphite (CAS # 26523-78-4, EC 247-759-6). The full list of products can be found in the appendix. The latest version of the SVHC List can be found on the ECHA website (<http://echa.europa.eu>).

Our goal is to always provide you with the information you need to run your business in a safe manner. If you have further questions or need assistance, please contact your Avery Dennison representative.

Sincerely,

Avery Dennison
